WALK AWAY FOR CORNELL

WON THE VARSITY RACE AT POUGHKEEPSIE BY TEN OPEN LENGTHS.

COLUMBIA WAS A FROST

Cornell Also Won the Four Oar Event and Freshmen Race, Making Record in the Latter.

Poughkeepsie, N. Y., June 26.—The Varsity race was Cornell's from the start. Columbia made a fine spurt at the pistol shot, but was plainly putting too much into the start to last four miles. Cornell made the first mile in 4:34 and had clean water between her stern and Columbia before the first half was passed. At the mile Cornell led by three good lengths rowing easily, 31 strokes to the minute. The race was in three divisions and altogether one for second and third place, at first between Georgetown, Wisconsin and Columbia, while Pennsylvania and Syracuse fought gamely in the rear. Just above the bridge, however, the rear eights had crowded up on Columbia and as they passed under the bridge, Syracuse had lapped her just below, bringing her bow even with that of the Columbia eight, which played out by her early spurt, was falling to the rear. Cornell's stroke never went above 30 and probably did not exceed 29 a minute.

A pretty feature of the race was the plucky work of Syracuse which seemingly hopelessly at the rear of the first half of the mile, crowded upon her rivals, passed the Columbia and pushed her nose to the nose of Pennsylvania and worried Wisconsin for third place. At the 28 strokes, ten lengths ahead, Georgetown, second, Wisconsin, third, Pennsylvania, fourth, Syracuse fifth, and Columbia, her crew played out at the tail of the procession. It seemed almost a dead heat between Pennsylvania and Syracuse.

The time and places in the various events in the regatta were: Varsity four oared race; two miles—Cornell, first, 10:34; a third of a length over Pennsylvania, second, 10:35; 4-5; third, Wisconsin, 10:53; fourth, Columbia, 11:14. The best previous time, 10:31 1-5, was made by Pennsylvania in 1900.

Freshman race, eight oared, two miles—Cornell, first, 9:18; Syracuse, second, 9:22 1-5; Wisconsin, third, 9:32; Columbia, fourth, 9:41; Pennsylvania, fifth, 9:45. The best previous time was 9:19 made by Yale in 1897.

Varsity race, four miles, eight oared—Cornell, first, 18:57; Georgetown, second, 19:27; Wisconsin, third, 19:29 2-5; Pennsylvania, fourth, 19:32 3-5; Syracuse, fifth, 19:36 2-5; Columbia, sixth, 19:54 1-5. The best previous time was 18:53 1-5 made by Cornell in 1901.

For the first time in years there were distinct surprises in the intercollegiate races. Two crews, practically unknown quantities, whose coaches had not predicted for them anything better than fourth or fifth places, each finished second in the two most important races of the day.

Syracuse took such close second honors in the freshman race that for the last half mile, it was a serious question whether she would not win.

Georgetown in the varsity race while finishing second to Cornell, walked away from the other four crews in the race, all old timers with the exception of Syracuse, in a manner that made the rowing sharps throw up their hats for joy.

Columbia finished in the worst possible shape, although in the betting and general predictions she was supposed to have excellent chance in both the four oared and varsity races. She finished last in the four oared race, being beaten out even by Wisconsin, which put a green crew in the field in a shell borrowed from Columbia.

In the freshman race Columbia was a poor fourth, Wisconsin third with Pennsylvania, from whom much had been expected, a close fifth. In the varsity race Columbia finished last.

PETER'S FIRST RECEPTION

Only Two Foreign Ministers Were Present at the Function.

Belgrade, June 26.—King Peter held a reception this morning. Only two foreign diplomats, the Russian and Austrian ministers attended. Representatives of three or four other countries are apparently willing to recognize King Peter but not the Serbian cabinet, in which Col. Maschina, one of the chief conspirators, holds a portfolio.

The king's re-appointment of the ministry yesterday is regarded as equivalent to a notification that no punishment will be meted out to the assassins of Alexander and Queen Draga.

MIDSHIPMEN NOW.

WITNESS DISAPPEARS

And the Kentucky Feudists Are Suspected of the Job.

Jackson, Ky., June 26.—There is considerable anxiety over the disappearance of Gray Haddock, who testified to seeing Crawford and Thorp, teamsters for Hargis, coming away from Ewen's hotel, just before it burned. Following an assault on a bridge one night and threats to burn him out, guards were placed around Haddock's house, but the guard was removed and Haddock is missing.

Jackson, Ky., June 26.—Judge Cardwell who fined two men on the charge of firing Captain Ewen's hotel, has received notice of threats of assassination and has taken up his residence in his store. He will be guarded by the militia.

POLITICAL SPEECHES

AMBASSADOR TOWER AND EMPEROR WILLIAM EXCHANGE COMPLIMENTS.

EMPEROR WINS YACHT RACE

With His American Built Boat and Has American Naval Officers As His Guests.

Kiel, June 26.—The dinner given by United States Ambassador Tower to the German emperor tonight was made an opportunity both by the emperor and the ambassador to utter speeches of political significance. Ambassador Tower said in part:

"It is with great pleasure that I have been permitted to present to you Rear Admiral Cotton and the officers of the United States navy now accompanying him upon a visit to Kiel in response to your invitation. They come here with ships of war under a mission of peace, bringing cordial sentiments of friendship from America to Germany. I am convinced that you and your people entertain the same sentiments in return towards the president and the people of the United States. Your interests in us has proven this on many memorable occasions, especially upon those of the visit of Prince Henry and in the present you made of the magnificent casts to Harvard University. Mutual understanding between nations as between individuals, is best attained by personal intercourse, which leads to a better acquaintance and it is the happy outcome of occasions like this that friends strengthen their friendship, which in the case of two great powers like Germany and the United States is a benefit to the whole civilization the extension of commerce and peace of the world."

Ambassador Tower then proposed the health of the German emperor, the empress, crown prince and the members of the imperial family.

Emperor William replying in part said:

"In responding to your excellency's warm, sympathetic toast, I offer cordial welcome to the American squadron, to Admiral Cotton and his officers in the name of the German people. We look upon them as the bearers of the friendly sentiments of the citizens of the United States, to which I assure your excellency, the whole of Germany heartily responds."

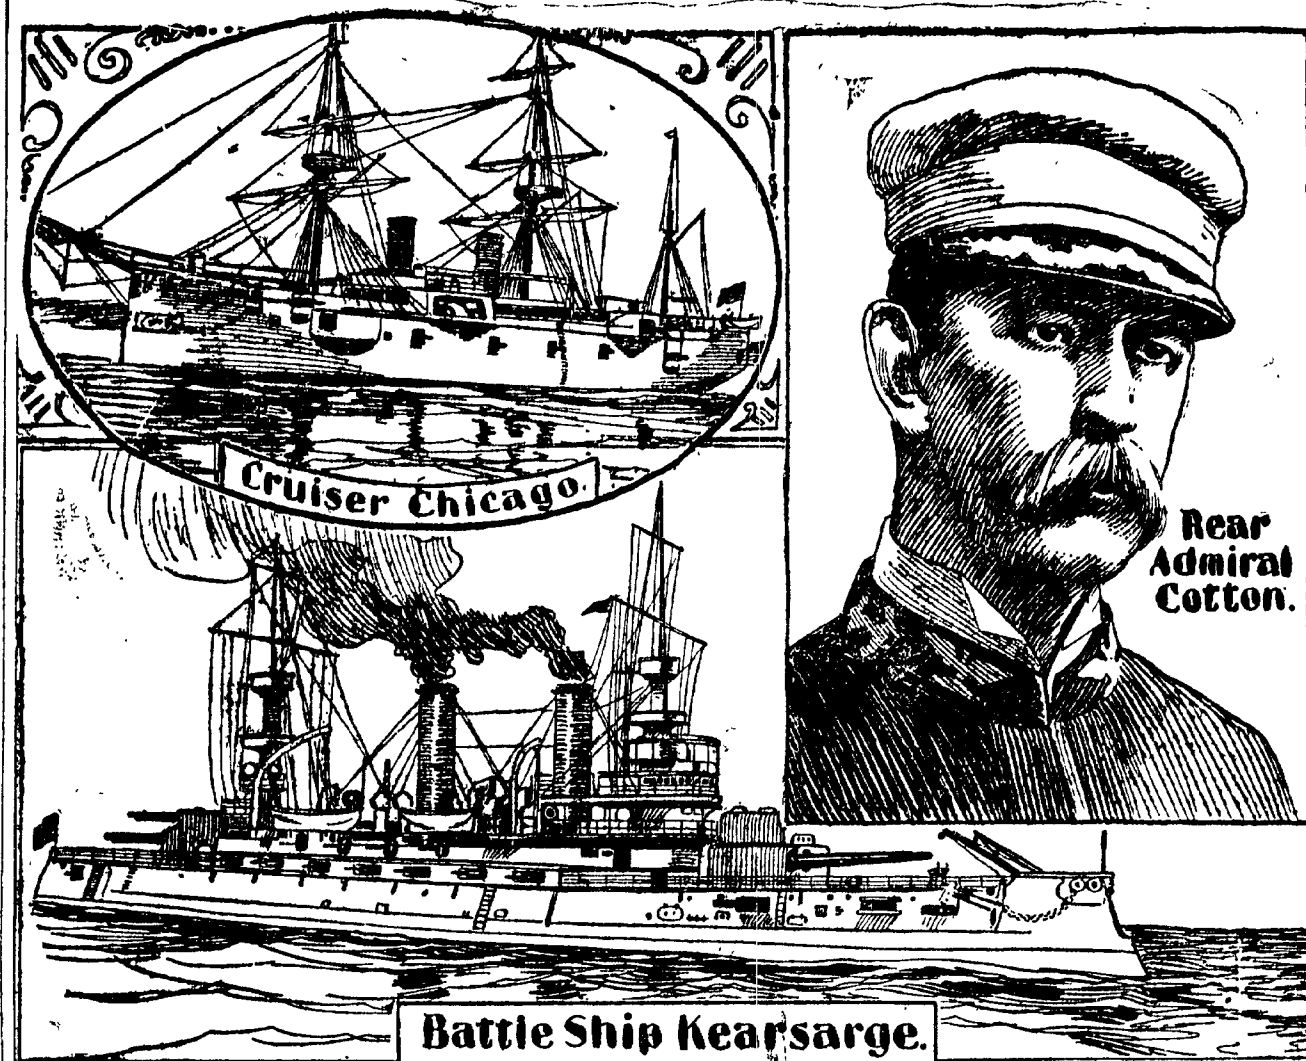

"My sincerest wish is that our two people may become closer acquainted. We are knit too closely together to allow of the development of any antagonism. It is my firmest conviction that the fact that so many thousands of Germans are living and thriving in the United States, with their hearts still warm with the love of the old fatherland, will render the task more easy in smoothing the path of undisturbed progressive relations which is of vital importance to our countries. I propose the toast, 'his excellency, the president of the United States; God bless him and the United States.'"

The toast was given by the American cup, presented by J. Pierpont Morgan, who the emperor's American built schooner yacht Meteor, Empress Iduna and A. Tegen's Hamburg. The emperor, with the American officers on board as his guests, sailed the Meteor which won the race.

Odd Fellows Contribute.

Springfield, June 26.—John H. Sikes, grand secretary of the Illinois Odd Fellows today sent to the East St. Louis relief committee, \$1000 raised by the grand lodge for the flood sufferers.

Paris, June 26.—The Chamber of deputies today, by a close vote refused, at the demand of the government, an authorization for 81 female congregations to remain in France.

THE AMERICAN WAR SHIPS AT KIEL.

Rear Admiral Cotton of the United States navy is at Kiel with his little squadron, consisting of the battle ship Kearsarge, the cruisers Chicago and San Francisco and the gunboat Machias. As a special evidence of his appreciation of the presence of the American war ships at Kiel during regatta week the German emperor has assigned them the position of honor in the naval line and will extend to their officers every possible courtesy. The regatta this year bids fair to eclipse in brilliancy all of its predecessors, which is saying a great deal.

FAVORABLE FEATURES

PREDOMINATE IN THE BUSINESS OUTLOOK OF THE FUTURE DESPITE IRREGULARITIES.

THE RETAIL TRADE WAS DULL

But Actual Business of Last Six Months Better Than Year Ago.

New York, June 26.—Bradstreet's tomorrow will say: Crop, trade and labor conditions still present some irregularities, but the six months' trade returns point to the actual business having been better than a year ago, and the situation, as a whole, shows favorable features predominating as to the future. The feeling is that as time passes the latter will largely outweigh the few noticeable drawbacks to possible future activity.

Unseasonable weather, cold in the west and rains at the east, together with a dull retail trade, accentuates the usual quietness in wholesale business and retards the crop development.

The iron and steel situation on the whole seems to have improved slightly. Large contracts have been made for rails by the leading trunk lines and central western roads.

Railroad earnings are better than was earlier expected, despite the flood interruptions. The returns for the first week of June show a gain of 9 per cent over a year ago. While those of the second and third week indicate increases of from 10 to 12 per cent.

The trade in dry goods and light summer wear generally notes a check administered by the abnormally cool weather. Wool is, however, firmer, largely in sympathy with primary markets.

Wheat, including flour, exports for the week ending June 25, aggregates 3,218,000 bushels against 2,393,000 bushels, this week last year. Exports since July 1, aggregate 221,608,000 bushels, against 248,663,000 bushels last season.

Corn exports were 1,236,000 bushels against 130,000 a year ago. For the fiscal year 65,651,000 bushels against 29,323,000 bushels last season.

Bank Clearings.

New York, June 26.—Total bank clearings compiled by Bradstreet's for the past week were \$1,904,972,524, an increase of 14.3 per cent compared with the corresponding week last year.

Dun is Brief.

New York, June 26.—R. G. Dun in his trade review tomorrow will say: No definitely unfavorable element is apparent in the business situation but there are several uncertainties that engender conservatism. In regard to distribution of merchandise, the long period of low temperature has curtailed the trade in dry goods, clothing and other seasonal lines. Stocks have accumulated and the prospects for the semi-annual inventories are not altogether encouraging.

The failures for the past week, 223, in the United States against 200 a year ago.

Six Week's Strike Ends.

Chicago, June 26.—The strike of the waiters of the H. H. Kohlman Co's restaurants was settled today. It has been in progress six weeks.

NEGROES CONVICTED FOR RIOT.

Wilmington, Dela., June 26.—This afternoon every saloonkeeper in the city was ordered to suspend business until tomorrow. All other public places are requested to be closed up to night. This was generally done. Mayor Fisher tonight issued a statement requesting parents to keep their boys off the streets at night.

This Was a Safe Bet.

After a hearing before Magistrate Hollis today Arthur Corwell, who was arrested on the charge of murder in connection with the White Lynching, was dismissed, there being no evidence against him.

Convict the Negroes.

Leander Moore and Joseph Shockley, negroes, arrested for shooting Policeman McDermott A. Green during the disturbance last night, were adjudged guilty of inciting riot. Moore was given a year in jail and Shockley was fined \$50.

No Arrests For This.

As the result of last night's riot William Cramer, a negro, who was shot during the disturbance in the negro district, died today. William Stiggs was arrested charged with murdering Cramer.

The office of general manager of the Lake Shore has been vacant since the appointment of W. C. Brown, to be vice president of the company.

FOOL BOY AND FOOL SOLDIER.

The Latter Had a Gun and the Boy Was Shot.

Richmond, Va., June 26.—Lester Wilcox, a boy, was shot and severely wounded by a soldier tonight for crying "snail" at a street car and refusing to desist. Wm. Tucker, a passenger, was shot and slightly hurt, by an unknown person. The cars ran regularly on most of the lines today and tonight are under military protection.

WILL HAVE NO HAND IN IT.

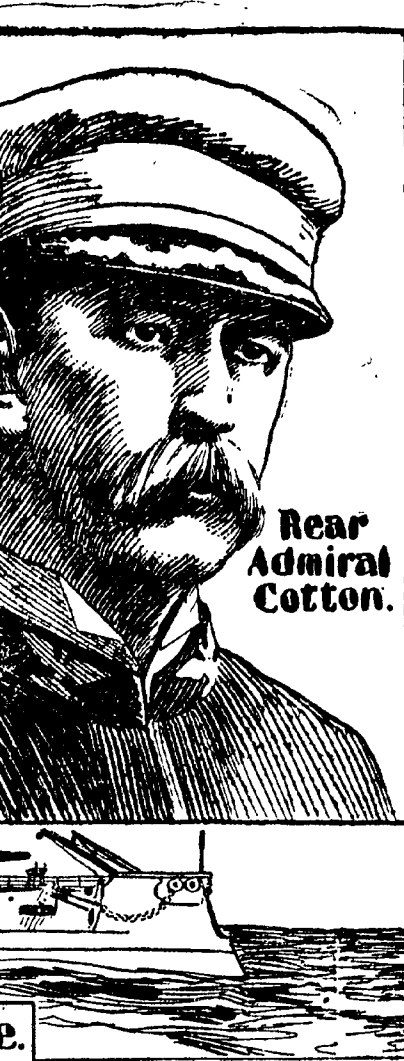

President Has Made No Suggestions as to the Iowa Platform.

Washington, June 26.—The published reports that President Roosevelt is taking part in the framing of the tariff plank to be adopted by the republicans of Iowa at the coming convention, is denied here. Since his return from the west no one has even mentioned the matter to the president.

Rear Admiral Cotton.

GENTLE HINT FROM RUSSIA

THAT SHE WILL BE COMPELLED TO SAY POLITELY, BUT FIRMLY,

MIND YOUR OWN BUSINESS

When the United States Government Presents a Petition From the Jews of This Country.

Washington, June 26.—The Russian government has learned with profound regret of the intention of Washington authorities to forward to St. Petersburg a petition from the American Jews, relative to Russia's treatment of her Jewish subjects. It is yet hoped the United States may appreciate the Russian view of the case, and will content himself with the kindly expressions of sympathy which it has already offered for the affair at Kischinev. The Russian position regarding what is considered outside interference in the internal affairs of Russia, continues to be held, and the Associated Press is further permitted to say that Riddle, the American charge, when he presents the petition at the Russian foreign office will be received with the same cordiality always accorded American envoys. In returning the petition to Riddle the officials will assure him that Russia cherishes no ill will toward the United States and that the action it takes with respect to the petition is necessary in view of Russia's unalterable policy of refraining from all interference in the internal affairs of other powers, and insisting on a similar treatment for itself. The Russian government hopes its firmness in the matter will not be misunderstood but in view of the announcement of its position weeks ago, is surprised at the developments which may force a reiteration of its views.

ROOSEVELT REPLIES

To the Message from King Wilhelm on Thursday.

Washington, June 26.—President Roosevelt today sent a telegram to Emperor William in reply to the latter's message regarding the American squadron now at Kiel, saying: "I thank your majesty for the gracious welcome to the United States squadron and for the complimentary expression of your dispatch. Had already received notice from Admiral Cotton, of the kindness shown him and the squadron by your majesty. I am deeply impressed by these tokens of your majesty's friendship and good will towards the United States, and reciprocate in the heartiest manner the sentiments your despatch conveys."

Springfield, June 26.—John Hockery, son of Rev. A. P. Hockery, of Moccasin was killed in church there last night and a possee is on the trail of Moses Lipworth, the supposed murderer. After the services were concluded and the lights extinguished, Hockery was heard to remark: "Where was Moses when the lights went out?" The next moment some one stabbed him to the heart. The killing is supposed to be the result of an old grudge.

SOCIALIST GAINS IN GERMANY.

They Have an Increase of Twenty Seats in New Reichstag.

Berlin, June 26.—According to the Lokel Anzeiger complete election returns except in the case of two re-ballotings for tomorrow, show the following changes, compared with the old reichstag:

The socialists gain 23 seats, conservatives one; Poles, two; Hanoverians, two; independents, one; while the national liberals lose one seat; free conservatives, one; clericals, six; Richter radicals, seven; Barth radicals, six; South German radicals and anti-semites three; agrarians' league, four; Alsatiens, one.

The only important change in the political character of Germany through the elections is the great strengthening of the influence of the socialists.

GOLF CHAMPIONS.

J., June 26.—In the first day's play at Baltusrol golf club links in the ninth open championship of the United States, Willie Anderson, open champion of 1901, led the field at the end of the day, with a score of 149. There was a tie for second place between Laurence Auchterlonie, the present champion, and Stewart Gardner and Alexander Smith at 154. They were closely pressed by Pindlay S. Douglass and F. O. Reinhart, who tied with David Brown, champion of Great Britain in 1886, at 156. The next five men to finish were professionals. Then came George T. Brokawa, at 161. Walter J. Travis, finished, tied at 163 with five professionals.

Kingsley was the foreman for Nellis.

Washington, Jan. 26.—The president has absolute confidence in Postmaster General Payne, and has no thought that he will leave the cabinet," said Senator Hanna after an extended visit to the White House. Postmaster General Payne has no thought of resigning, but if he did, his resignation would not be accepted by the president.

STATE REFUSES AID.

Kansas Flood Sufferers Must Get Aid from County Treasury.

Topeka, Kan., June 26.—The extra session of the legislature adjourned this afternoon. Most of the bills passed gave Kansas counties the right to restore bridges washed away by the flood. GOVERNOR BECKMAN

DECLARES THAT THE PEOPLE OF KENTUCKY ARE NOBLE AND LAW ABIDING.

BREATHITT COUNTY AFFAIR

Is Purely Local and He Suggests Other States Be Purified Before Giving Kentucky Advice.

Frankfort, Ky., June 26.—Governor Beckman today gave out a statement in reference to his position in the Breathitt county matter. He says that he received many letters urging him to use radical measures to declare martial law, remove judges, and to do other things for which there was no warrant of law. The newspapers also had hinted at martial law and said it was his duty to put a stop to the lawlessness and crime.

These criticisms had not swerved him in the least from the pathway of his duty. The governor severely censures the "yellow journals" for misrepresenting the situation in Kentucky and says that when the outside critics succeed in eradicating or reducing crime in their own states, then he may give them a hearing in their efforts to tell him how to purify Kentucky. The governor says the Breathitt county trouble is altogether local, and the effort to throw odium on the entire state on account of it, is due solely to sectional hate or political agency. He upholds the people of Kentucky as noble and law-abiding.

PIONEER BURIED

Services Over the Remains of Noah
Jacobs, One of the Early Set-
tlers Here.

HE WAS FAMOUS AS A HUNTER.

And in His Younger Days Found
Plenty of Game Here.

The funeral of Noah Jacobs occurred
Friday, the burial being at Salem
cemetery. The services were conducted
by Rev. W. W. Theobald, who, for
his discourse took his text from
Numbers xxiii, 10, "Let me die the
death of the righteous and let my last
end be like his."

In part he said: "As the sun goes
down the western sky passing through
the gates of night to rise on a new
day beyond our ken and reflects the
beauty of that new day, crowning hill
top and mountain peak with a halo
of glory, so sometimes in the going
out of a human life from this world,
there shines through the gates ajar
the light of the new day upon which
they are entering. Beholding this we
desire that our ending may be as the
righteous. In these solemn moments
there is a sincere desire for a better
life. God reveals to sinful man some-
thing of the fruits of righteousness as
an inspiration to holier living and a
warning against the fruits of an evil
life. As men become absorbed in their
little plans for this life they sometimes
forget God and the end of life, until
God throws across their pathway
flashlights of glory from deathbed
scenes of the righteous. Then there
is begotten in them a hope and a long-
ing for God. These scenes overthrow
the self-constructed foundations of
men and lead the soul to cry out after
God. The beautiful ending of a right-
eous life is the crowning of that life
and a rich heritage to the living. As
this nation stood by the bedside of our
late martyred president it was to see
how a Christian burdened with cares
and crowned with worldly honors
could lay these aside and go to meet
his God—a beautiful ending of a no-
ble life, and a rich heritage to the
moral life of the nation. So the closing
of our brother's life was the crown-
ing scene of his earthly existence and
the richest heritage to his family and
friends."

The services were largely attended
by the friends of the family. The choir
composed of Mrs. Martin Connard,
Miss Jessie Lindsay and Messrs. A.
Patterson and S. S. Hopkins, sang
"Home of the Soul," "Safe in the
Arms of Jesus," "Rock of Ages" and
"What a Friend We Have in Jesus."

The active pallbearers were F. G.
Hill, Charles Ward, John Price, Wil-
liam Price, Samuel Phillips and George
Wright. The honorary pall bearers
were J. E. Miller, Jeremiah Turpin, J.
E. Edwards and J. G. May.

Noah Jacobs, a retired farmer, died
at his home, 925 West Main street,
Wednesday night, June 24. His death
was due to stomach trouble and old
age.

The deceased was born four miles
southwest of Harper's Ferry in Loud-
on county, Va., Feb. 20, 1831. His
parents, Adam and Rachel Jacobs, when
he was five years old, moved to
Clark county, Ohio, and after a
short stay there came to Illinois, set-
tling in Coles county, where the eld-
er Jacobs improved a farm. After-
ward he moved to Sangamon county,
and there Noah Jacobs grew to man-
hood. After his mother's death he
went to work by the month as a farm
hand, his wages being \$6 per month.
In those days the market was at St.
Louis and he often drove hogs to
that place from Mechanicsburg and
was allowed 75 cents per day and three
days in which to walk back after the
hogs were sold. He always made the
return trip in two days, walking all
the way.

In 1857 he came to Decatur and lived
here for two years. He then moved to
a farm four and one-half miles
southwest of Decatur and after several
years, purchased what was then
known as the Smallwood farm and be-
came a stock raiser. Nine years ago
he gave up active farm life and came to
Decatur to make his home.

It was while living in Sangamon
county that he became a hunter and
his fondness for that sport never less-
ened. Then game was plentiful and
one spring he killed wild geese and
ducks sufficient to get feathers for
one feather bed. He related that
one time during those days he
went to a wild pigeon roost and got
so many pigeons that they filled a
two bushel sack. Deer were plentiful
then and one day he ran a deer from
the foot of the hill at Mt. Auburn to
Blue Mound and overtook the ex-
hausted animal killed it with the iron
stirrup from his saddle. During the
storm which was always remembered as
the big shot he killed seven deer in
one day. In after years he was always
a member of a party which made an-
nual trips to Missouri and Arkansas
to Michigan and Mississippi to shoot
deer and other game. The other mem-
bers of that party were Thomas Lord,
Silas Packard, Wm. Harry and Ed-
monson McClelland. The deceased
could tell the places where he had killed
200 deer in various states.

While hunting deer was his favorite
pastime he also devoted some time to
other game, especially wild turkey and
quail and one season he killed 25 dozen
of the latter in three days.

He was married to Sarah Ayres in
1854, the ceremony being performed by
Rev. Hiram Buck. His wife and all of
his eight children, all but Ollie, the
youngest, survive him. The surviving
children are W. F. and N. M. Jacobs,
of Decatur; E. L. Jacobs of Harris-
town, T. W. Jacobs of South Wheat-
land, C. L. Jacobs of Blue Mound town-
ship; Miss Hattie Jacobs of Decatur;
Miss C. Miller of South Wheatland;
He leaves two brothers, Jesse Jacobs
of Blue Mound township, and George
Jacobs of Plymouth, Ill., and two
half sisters, Mrs. A. A. Smith of South
Wheatland and Mrs. R. S. Ayres, of
Karnett, Kansas, both of whom made
their home with him until he was
married.

In addition to his own family he
gave a home to Walter Witt, an or-
phan. He came to the Jacobs home

when he was 8 years old and lived
there eighteen years. He is now a re-
sident of North Dakota where he owns
a fine farm.

The deceased was always an honest
and upright citizen and was ever
charitably inclined, giving to the needy
and distressed.

GAMBLERS AT SPRINGFIELD.

They Rule the Roost and Evidently
Have a Compact.

Recently the statement was made
that at Springfield one Lane had
been given control of old gambling
privileges in that city. A few days
later Lane's place opened. The ex-
cess gamblers rebelled and a fight was
on.

Tom Brewer once boss gambler then
was accused of being one of the men
who engineered the fake foot races
there and by which suckers from var-
ious states were lured to Springfield
and fleeced in some instances of
thousands of dollars. All of the Spring-
field papers without regard to politics
talk of the compact and the political
of Friday says:

Alderman "Tom" Brewer, one of the
defendants in the fake foot race swin-
dle, is said to have been responsible
for the gambling houses of Springfield
not resuming operations earlier than
they did.

A story was circulated yesterday to
the effect that Brewer would not lis-
ten to the houses opening until the
keepers had contributed to the fund
that is supposed to have been paid
to victims of the foot races to drop
the prosecution of the cases. The
gambling houses, it is said, paid over
their share and that is supposed to
account in part for the three victims
abandoning the cases.

Lane's gambling den was raided yester-
day morning by deputy sheriffs
on the search warrant sworn out Wed-
nesday afternoon by William Spen-
gler of the Marshall-Spengler gam-
bling house. When the officers arrived
they found that the paraphernalia
had been removed. Where the poker
and crap tables and roulette wheel
had stood were two negro porters,
a pug dog and a few chairs. The of-
ficers returned the warrant with the
information that no goods had been
found.

Varriants were served on Lane,
Thomas Reilly, Edward and Frank
McDonald, Edward Gordon and Alder-
man Brewer, charging them with gam-
ing and conducting a pool room. The
defendants furnished bond for \$100
for their appearance before Justice
Brinkerhoff. The cases are set for to-
day.

Under the agreement whereby the
negro gambling houses are operated
it is said the color line is drawn, Lane
compelling the keepers of the dives
to refuse the white element permis-
sion to gamble in their places. When
Johnson's resort was raided last Sun-
day night several white men were
gaming in the place. The information
was sent to Lane and he notified the
keepers that if they wanted to oper-
ate they must shut their doors to white
men.

The negro gaming houses had the
patronage of nearly as many white
men as negroes. The white men who
frequented the places declared the
odds were not so great against them
as at Lane's place.

Probably the most important devel-
opment in the situation yesterday was
the semi-public announcement by one
of the anti-official, gambling house
managers that it is the purpose of the
"outs" to retaliate upon the "ins" by
dragging into the public trials as many
customers of the Lane resort as pos-
sible. This means that a large number
of young men, and many working men,
will be subpoenaed as witnesses in
cases which are to be brought against
the official gamblers.

The man who made the announce-
ment said that some of the best-known
young men in the city will be called
into court to testify to their transac-
tions in gambling houses during the
past year. He said that the opposition
crowd secured the names of a large
number of men who have played the
various games at times during the
year and it is the intention to get
as many as possible of them in the
court room. The mere announcement
is calculated to create consternation in
certain quarters and the publication of
the names when the subpoenas are is-
sued is promised to be of very general
interest.

THE HOUR OF NEED.

Is Just Beginning to Become Mani-
fest in the Flood districts.

The hour of need in the flood dis-
tricts around East St. Louis is just
becoming manifest. The distress is
greater now than when the country
was submerged. The Herald is in re-
ceipt of a letter from P. F. Credley,
supervisor of Venice township in
which he says:

"The condition of the Tri-cities—
Granite City, Venice and Madison—is
most deplorable. It is worse than at
any time since the flood. The real suf-
fering began when the water subsided.
It would be appreciated if the people
of Decatur would continue to assist
us with food and clothing. The suffer-
ing will continue for a month."

Attention Business Men.

The Herald will soon publish a
new and valuable feature in up-to-
date advertising which is meeting
with pronounced popularity with busi-
ness men throughout the country.
This idea consists of well-worded,
ten-line reading locals which will be
scattered promiscuously through the
local pages of the Herald, regardless
of position, and to be run in all the
daily and Sunday issues for three
months at a small cost. These adver-
tisements will be frequently changed
and written for the advertiser by an
experienced advertiser.

We shall endeavor in every way to
make this new feature of the paper a
great success to our patrons and hope
to have their hearty support. Our au-
thorized representative, Mr. Dunham,
who has charge will call and explain
more fully and any contract made with
him will be filled by the Herald.

HELD TO ANSWER

Edward B. and G. H. Dimock Bound
Over to Await the Action of
the Federal Grand Jury.

FOR ALLEGED MISUSE OF MAILS

Bond Furnished and the Accused Re-
leased From Custody.

Springfield, Ill., June 26—Special
to the Herald—Edward B. Dimock
and G. H. Dimock, arrested at Decatur
today for misuse of the mails, were
bound over to the federal grand jury
by Judge Humphrey in the sum of
\$300 each. They furnished bond and
were released.

Edward R. Dimock and his uncle,
G. H. Dimock, constituting the Ed
B. Dimock Specialty company, were ar-
rested Friday morning on a warrant
issued from the federal court at
Springfield at the instance of the post-
al authorities. They are charged
with sending obscene matter through
the mails.

The arrest was a surprise because
few Decatur people knew of the com-
pany and were unaware of the fact
that Uncle Sam's sensitive toes had
been trampled on. Chief of Police
Sullivan received the warrant from
Springfield in the morning mail and
it was given to Patrolman Charles
Dunnigan who served the paper on the
accused at their office on Mer-
chant street. They were taken to
Springfield at 11:25 but before leav-
ing did not have much to say about
their case, except that they felt that
they could establish their innocence.
A federal officer met them at the rail-
way station after their arrest and es-
corted them to the capital.

The complaint against them was
made by some person in Indiana. It
is understood here that the charge
against them results from the use of
papers for advertising the sale of
certain articles of an obscene nature
which were sent through the mails in
reply to answers to the advertise-
ments.

The accused men contend that their
business was perfectly legitimate, but
the postal authorities take a different
view of the case and it will remain
for the court to say whether it was
or not. Ed Dimock is well known in
this city. He was formerly employed
by A. T. Summers in his loan of-
fice and has later been in the livery
business and the loan business on
his own account. The arrest was
accomplished through Special Inspect-
or McAfee who gives his entire time
to just such cases. He first came to
Decatur looking up this case about a
week ago.

LITTLE NEW WORK.

Because the Money in Park Fund Will
Not Be Large.

The members of the park board say
that they will be short of money this
year and that while the appropriation
will be larger than ever before there
will in fact be less money for new
work.

A part of the appropriation to be
made for park purposes this year will
be applied on the purchase price of
Fairview and that plan will be con-
tinued until the park is paid for.

Then the city proposes that the pav-
ing assessment for the park frontage
on Water street shall be paid for from
the park fund. That will take \$500
in a lump.

The commissioners say that if
they have money to keep up the
park this year and pay all of the
labor expenses, they will be well sat-
isfied.

It is the plan to make a number
of new concrete walks this year and
the work of constructing a bridge
across the stream in front of the
spring is already under way. The
structure is to be twenty-four feet
wide and on the west side will have
fenced off a way six feet wide for
the use of foot passengers.

The commissioners have purchased
a big sprinkling wagon which is ex-
pected to arrive one day during the
coming week. It is the intention
to not only sprinkle the roadways in
the park, but to sprinkle West Eldor-
ado street as far east as the viaduct.

BROWN'S BUSINESS COLLEGE

Closes After Most Successful Year in
History.

Brown's Business college closed
for the summer vacation Friday. The
past year has been the most success-
ful one in the history of the school.
The annual report shows that during
the year 275 pupils have been enrolled
and that most of them have graduated.
The shorthand department was this
spring entirely refitted with new
typewriters, desks, tables, chairs and
other equipment. The attendance at
the close of this term was larger than
ever before.

There will be a summer school in
stenography during July and August.
Next week is vacation week, and
everything will start out new July 6.
The rooms will be overhauled during
the summer. More typewriters and
late improvements and adjustments
have been bought.

The school journal is now in press
and will be ready for distribution in
a few days. Several thousand were
printed.

PEASE-GOODMAN

Wedding Celebrated On West Packard
Street Last Evening.

Arthur Pease and Miss Bertie Good-
man were married at 8:30 o'clock Fri-
day night at the home of the groom's
father, 832 West Packard street. Rev.
J. W. McDonald, pastor of the Cum-
berland Presbyterian church officiated.
Only a few friends were present to
witness the ceremony. The groom is
a patternmaker employed at the
Muller factory. The couple will
make their home with Mr. Pease's
father, who is a widower.

Macaulay says: "Advertising is to
business what steam is to machinery—
 motive power. Get up a little steam in
the Herald's local pointers."

THE NEW LIBRARY OPENING

Thursday and Wednesday Afternoons
and Evenings and Friday Af-
ternoon

FOR RECEPTION OF THE PUBLIC

The last meeting of the old library
board was held Friday afternoon when
arrangements were made for an infor-
mal opening of the new building on
three different days of the week. Owen
Scott was the only newly appointed
member there for the reason that he
was named some time ago to succeed
Judge Vall who retired. W. J. Wayne
and Eugene Head, the other new mem-
bers, will attend the next meeting of
the board.

It was decided by the board to have
openings on next Wednesday and
Thursday afternoons and evenings for
the general public.

The opening on Friday afternoon
will be for the children of the city.

On Saturday the library will be
closed on account of the Fourth of
July and Monday morning it will be
regularly opened for the use of pa-
trons.

Mrs. Barnes, Mrs. King and Mrs.
McKay have been named as a com-
mittee on decorations for the opening
days.

"Plug" Hats in Texas.

If it turns out to be true that the
reason for a recent homicide in Texas
was due to the fact that the victim
wore a silk hat, commonly denoted
"plug", in the Western country, then
there are at least three Texas mem-
bers of Congress who should avoid
that particular section of the Lone
Star state. Thomas H. Ball of the 8th
district; Albert S. Burlison of the 10th
district, and James L. Slaven of the
14th district, all wear high silk hats,
and in a manner to indicate that they
are accustomed to that kind of head-
gear. They wear them appropriately,
too, with stylish frock coats and pa-
ton leather or well polished shoes. —
course, the average Southern congress-
man is no stranger to the long frock
coat, but he seldom follows the dic-
tates of fashion and wears a silk tile
with it. On the contrary, the long
frock coat and the broad-brimmed,
high-crowned black felt slouch hat
seem to go together in the dress of the
men in Congress from the South and
if a string tie, white or black is a part
of the tout ensemble, then you can
gamble that the wearer is a Southerner.

To resume about the Texans and silk
hats, Mr. Ball was once asked if he
sporting a high tile in Texas as jaun-
tily as he does on Pennsylvania avenue
and he replied:

"Sure, I wear a silk hat in my dis-
trict and in all proper places as I do
here. I do not change the style of
my clothes when I go home. When I
first went campaigning in a silk hat
there was a disposition to criticize
me as "putting on style." I replied by
saying: "When you folks go visiting
don't you wear your best clothes? Well
that's what I am doing. I am visiting
you people and my best clothes are
none too good for me to wear when
I come among you." I never heard a
word after that about my "plug" hat.—

CASE OF SMALL POX.

Stranger Brings One Here and Goes
To Pest House.

Rayburn Mitchell, a young farm
hand from Howard county, Ind., is at
the pest house with a pronounced case
of smallpox. He came to Decatur to
get work and arrived here Thursday
evening on a Wabash passenger train
and mingled freely with the passen-
gers and then walked about the east
end of town.

Late Thursday night a physician
on the levee noticed the pox marks
on his face and directed him to Dr.
C. P. Kennedy, one of the members of
the board of health. Dr. Kennedy
pronounced the case smallpox.

FOR THE BIG STRUGGLE.

Bloomington and Decatur Clash Today Under Strenuous Conditions.

If the rivalry between Bloomington and Decatur has been intense in the past it is intensified today by the fact that the teams meet in a struggle that will have an important bearing on the championship. Bloomington leads and Decatur is second in the race for the championship. Decatur followers recognize the fact that an even break would be a good thing and one more than an even break would be so good that they have made up a pot which insures to each Decatur player five dollars if the locals take four out of the six games that begin today.

Hankey will join the team today and McClintock and Gruebner, candidates for the short field position are also expected to report. For the first time this season the local nine will go into the field with a man signed to play that position. It is the key to the infield, but the circumstances have been such it has been filled up to date by sending in experienced players there. If one of the two men show up in good form the team will have been materially strengthened.

BATTLE AT BLOOMINGTON

Decatur Fans Going Up Tomorrow to Cheer the Local Team.

The series beginning with Bloomington today promises to be one of the most important of the season. The result will doubtless have a very marked effect on the pennant race. In the six games that have already been played, Decatur has won four and Bloomington two. Since that time however, both teams have been materially strengthened. The coming six should be battles royal on the diamond.
A large number of excursionists will go over to Bloomington tomorrow to witness the game. The railroad facilities for the purpose are excellent. Those who care to may leave here on the Central at 8:30 a. m. or they can go over on the train at 12:20 p. m. The fare for the round trip will be one dollar.

THE AMATEURS.

Folrath's Colts will go to Moweaqua July 3 to play the local 10-year-old team. The lineup is as follows. Scherer 2d base, Stone 3b, Folrath rf, Wilson, cf, Blackburn 1b, Rubicon ss, Waggoner lf, Metz p, Watkins catch. The Commodores will play the Colts Sunday morning at the sand bank diamond.

The Blue Birds defeated the Blue

Jays by a score of 25 to 2, Thursday afternoon. The battery for the Blue Birds was Joyce and Covill; for the Blue Jays, Powers and Lichtenberger.

SPLINTERS OF SPORT.

Wiegand's farewell performance at Rock Island raises the question—Has the management another guess coming?

Dickey has been sent back to first base by the management of the Rock Island team.

One week of umpiring was plenty for James Darnell the ex-chief of police of Rock Island. He has been accustomed to exercise authority all his life but discovered that when authority is not backed up by laws and courts it does not amount to much.

The trouble begins at Bloomington today.

Farnham was hit in the chin by a ball and Davenport players laughed and one expressed regret that it was not a harder job. Farnham walked over to the bench and announced that if he heard another word he would time the entire team. The players subsided beautifully under the threat.

Predictions are being freely made that a good many minor leagues will go up with the rest of the fireworks on the Fourth of July.

Mike Birmingham who played first for Davenport in 1901 is playing the initial bag for Peoria of the Western League this year.

Bloomington does not want Vic King but declines to give Decatur any information as to what they will do with him. They don't want to contribute in any way to the possible strengthening of the team. They know where they are going to get a fight.

The first thing that Belt did after taking charge of the Springfield team was to rearrange the batting order.

The excursion to Bloomington tomorrow will take over a big party of fans from here.

Scarcity of Help.

The problem confronting Macon county farmers these days is to get their crops harvested after they have been grown. In these piping days of prosperity men who want or will work are scarce. Joshua Green was in the city one day this week and solved the problem of getting his fifteen or twenty acres of hay cut by selling it to a local dealer and leaving him to cut it for himself. Mr. Green tried to get men to do the work for him but failed.

In Honor of Prof. Mills.

At the home of Dr. Clarence Mills on West Wood street Thursday night a company of friends and relatives gathered in honor of Prof. A. T. Mills, wife and daughter, of Bangor, N. D. They are in the city on a visit to relatives. The affair was entirely informal, but the occasion proved a pleasant one.

For Assaulting.

James Landy was arrested Friday on a charge of assaulting the son of D. S. Priest. Landy was taken before Justice Provost and was fined \$2 and costs. He was unable to pay and was confined in the city prison.

DIED AT HOTEL

Rev. Joseph DeForest Found Friday Morning in His Bed at Occidental Hotel, San Francisco.

SON-IN-LAW OF MRS. W. H. LINN

And Well Known Member of the Episcopal Clergy.

Rev. Joseph DeForest, formerly of Decatur, died suddenly at San Francisco, Cal., Friday. The news of the death was a great surprise.

The information came in the following telegram in the day report of the Associated Press:

San Francisco, June 26—Rev. Joseph DeForest, Episcopal minister from Davenport, was found dead in bed at a hotel here. He came to this city recently to look after some property in this county and on last Sunday was enlisted in the services at Grace church apparently in the best of health. An autopsy will be held on the remains. The deceased was 60 years old. He leaves a wife and daughter in Davenport.

Well Known Here.
Messages were also received Friday by W. W. Linn and Benion Blackstone. Rev. DeForest's wife is a daughter of Mrs. W. H. Linn, and he frequently has been in Decatur. While this city was really not his home he often made long visits here with his wife, who resided here part of the time.

The news of the death was a great surprise as it was not known that Mr. DeForest was in bad health. The private messages received did not convey any information further than that Mr. DeForest was at the Occidental hotel at San Francisco and was found dead in his room Friday morning. His friends here suppose that apoplexy was the cause of death.

Joseph DeForest was nearly 60 years of age and is survived by his wife, a daughter, Miss Adele DeForest, and a son, Fulton DeForest, aged about 14 years. He had for many years been an Episcopal minister and was rector of churches in St. Louis, LaCrosse, Wis., Ft. Worth, Texas, and many other cities. During the past year he had been in charge of a church at Davenport, Ia., and he went to California on a business trip about ten days ago.

Rev. Griffith Sent News.
The relatives in this city have not yet been informed of the funeral arrangements. The message received by Mr. Linn regarding the death was from Rev. G. Taylor Griffith, formerly rector of All Angels' church here, and who is now in San Francisco.

Injuns Not Shakers.
The visiting doctors against whom the bakers of the city are making war are the Indian doctors and not the Shaker doctors.

CAN BE USED AGAIN

Some of the Old Asphalt Can Be Saved.

Superintendent Buntion of the Green River Asphalt company, expects to begin the work of tearing up the old asphalt on North Main street today. He states that every foot of it will have to come up. He said the work was the poorest he had ever seen, but that it would be all right this time and every bit as good as the Louisville pavements. The pavements in Louisville have been down five or six years and are as good now as they were when first put down.

Superintendent Buntion will have charge of the work here. The plant the same one used at Louisville, will be in charge of J. G. O'Connor, who has just finished a big contract at Trenton, N. J.

Much of the asphalt that will be taken up will be ground up and mixed with the proper ingredients.
